

SAFETY RECALL

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cabot is conducting a voluntary recall of the Cabot Composite Deck Cleaner Number 3502. Cabot has received one report that a container of the Deck Cleaner partially melted and emitted chlorine gas. No injuries were reported. Cabot believes that this could occur if an ingredient in the product interacts with foil residue that may be on certain packages. Cabot is issuing this recall as a precautionary measure to alert consumers to return the products to receive a full refund.

What to do: If you have the Cabot Composite Deck Cleaner, please return it immediately to your store of purchase for a full refund.

Important note: If the container is misshaped or hot to the touch, do not return it to the store. Instead, please immediately call 1-877-755-3336 toll free, 24 hours a day, 7 days a week and a representative will arrange for safe handling of the product.
