Recommended Uses:
Cabot Brushing Lacquer gives an exceptionally pale, clear finish to wood and metal. It is designed to dry in as little as 30 minutes so you can apply multiple coats in one day. This lacquer is specially formulated with the lightest color resins available. Use on interior wood and metal surfaces including doors, furniture, woodwork, furniture, cabinets, shelves, brass hardware and doorknobs. Also for use on bare, stained or previously finished wood surfaces. Do not use on outdoor surfaces, floors, or metal or wood surfaces subjected to high heat. Do not use as a sealer under other finishes. This product is ultra-fast drying (30 minutes), needs no sanding and you can recoat in 2 hours.

Composition:
Alkyd modified nitrocellulose lacquer

Finish:
Dries to a highly durable, protective, clear coat.

Sheen Levels:
Super Clear Gloss #8050, Super Clear Satin #8052 and Super Clear Semi-Gloss #8057

Tinting/Intermixing:
Do not tint or intermix with other products.

Coverage/Thinning:
One gallon covers up to 300-500 sq. ft. (28-46 m²) depending upon surface porosity.
Do not thin.
One quart covers up to 75-125 sq. ft. (7-11.6 m²) depending upon surface porosity.
Do not thin.

Packaging/Containers:
Available in quart and gallon containers.

Restrictions:
DO NOT USE OVER PRODUCTS THAT CONTAIN STEARATES, SUCH AS SANDING SEALERS.
Do not apply when air or surface temperature is below 50°F.
Do not apply over wet or damp surfaces.
Do not thin or add colorant to this product.
Do not apply this product adjacent to cement or stucco.

For interior surfaces only.

Environmental Impact:
These products are in compliance with V.O.C. (Volatile Organic Compounds) requirements for Specialty Architectural Coatings under current regulations. Call Cabot’s Technical Services & Support for additional information pertaining to current V.O.C. rulings.

WARNING! VAPOR HARMFUL. COMBUSTIBLE LIQUID & VAPOR.
DANGER: CONTAINS PETROLEUM DISTILLATES. COMBUSTIBLE:
DO NOT SMOKE. Keep away from sparks, open flame, and lit cigarettes. Turn off stoves, heaters, electric motors, pilot lights and other sources of ignition during use and until all vapors are gone. Prevent build up of vapors by opening all windows and doors for cross ventilation.

Emergency Medical Telephone:
1-888-345-5732

Cleanup and Disposal: Clean brushes and equipment with lacquer thinner. Keep container closed when not in use. Do not transfer contents to other containers for storage or disposal. In case of spillage, absorb with inert material such as sand or kitty litter.

DANGER: Rags, steel wool or waste soaked with this product may spontaneously catch fire if improperly discarded. Immediately after each use, place rags, steel wool or waste in a sealed, water-filled metal container and dispose of according to local regulations.

Dispose of empty cans or unused portion in accordance with local, state and federal regulations. Material Safety Data Sheets (MSDS) are available upon request.

Physical and Chemical Data:
Water Repellent: Yes
Weight: 7.6 - 7.7 pounds per gallon.
Flash Point: 72°-74°F (22°-23°C)
Film Thickness: 0.6 mils per coat on sealed surfaces
**Shell Life:** A minimum of five (5) years in closed original containers.

**% Solids (weight):** 26.3 - 26.7

**% Solids (volume):** 19.0 - 21.0

**% Pigment (weight):** 0 - 0.6

**Viscosity:** 250-350 cps.

**Pigment Type:** Precipitated Silica, Wax

**Vehicle Type:** Alkyd modified nitrocellulose lacquer

**Solvent Type:** Lacquer Thinner

**V.O.C. Content:** GPL maximum of 680 grams/liter (5.7 pounds/gal.)

**Application:**

**DO NOT SHAKE!** Stir well before use and occasionally during use. Before applying the finish to the entire surface, check effect by testing on an extra piece of the same wood or by applying to a hidden part of the object. Apply a uniform, thin coat using a high quality, clean polyester or natural bristle brush. Brush in even strokes in the direction of the wood grain. Do not overwork or over-brush as material dries quickly and stain may bleed. Allow to dry for 2 hours before applying second coat.

**Drying Time:**

Dries to the touch in 30 minutes. Wait 2 hours between coats. Dry times are longer in high humidity or cool temperatures. Apply only when surface and air temperatures are between 50-90°F (10-32°C) during application and drying time.

**Number of Coats:** For best results on new surfaces, apply at least 2-3 coats.

**Availability:**

Cabot Wood Care Products are sold throughout the United States and Canada. For a list of Cabot dealer locations, please contact Cabot’s Technical Services & Support at 1-800-US-STAIN.

**Warranty:**

If this product does not perform as stated on the label after you apply it according to label directions, Cabot will either replace this product or refund its purchase price, at its option. Cabot disclaims all other implied or expressed warranties. Cabot will not provide or pay for labor for removal or application of the product. This warranty excludes all incidental or consequential damages. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

**Surface Preparation:**

**General:** Clean and dry surface thoroughly, removing all dirt, dust, wax and wood marks. Remove gloss with sandpaper or liquid gloss remover. Do not apply over lacquer or shellac.

**New or Stained Wood:** Smooth wood lightly with sandpaper. Stain, if desired. Allow stain to dry overnight before applying lacquer. Sand lightly again and remove sanding dust before finishing.

**Painted or Varnished Wood:** Remove all paint and varnish in poor condition with sandpaper or paint and varnish remover following manufacturer’s instructions and safety precautions. Then, follow new wood instructions. Varnish in good condition merely needs to be clean and have the gloss dulled.

**Metal:** Remove all previous coating. Buff or polish as desired. Wipe clean with lacquer thinner to remove residual buffering material and other contaminants. Then apply 2 or 3 coats.

**WARNING!** If you scrape, sand or remove old paint from any surface, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE.
